Quarter 2 Earth's Water and Land Features Study Guide

## Water Features:

| Body of water | Freshwater or Saltwater? | Description | Picture |
| :--- | :--- | :--- | :--- |
|  |  | Creek, smaller than a river <br> Flows toward a river, pond or <br> lake | Larger than a creek or stream <br> Flows toward the ocean or a <br> lake |
|  |  | Shallow <br> Smaller than a lake <br> Surrounded by land |  |
|  |  | Deeper than a pond <br> Larger body of water <br> surrounded by land |  |
|  |  | Smaller than ocean <br> Are usually where the ocean <br> and land meet |  |
|  |  | Large bodies of water <br> Deeper than the sea <br> Cover 70\% of the Earth | Water existing as ice on <br> Earth's surface <br> Considered to be land ice |

Land Features:

| Feature | Description | Deep valley <br> steep sides <br> can have a river running through it |
| :--- | :--- | :--- |
|  | Underground chamber <br> Large cave |  |
|  | An area higher up than the rest of the <br> land, but not as high or steep as a <br> mountain |  |
|  | Surrounded by water <br> Can be in the middle of the ocean or <br> even a lake |  |
|  | Much higher than the surrounding area <br> Higher and steeper than a hill <br> Large rocky hill with a peak | Opening in Earth's crust that allows <br> magma and lava to flow through <br> Can erupt |

Quarter 2 Earth's Water and Land Features Study Guide ANSWER KEY

## Water Features:

| Body of water | Freshwater or Saltwater? | Description | Picture |
| :---: | :--- | :--- | :--- |
| stream | freshwater | Creek, smaller than a river <br> Flows toward a river, pond or <br> lake |  |
| river | freshwater | Larger than a creek or stream <br> Flows toward the ocean or a <br> lake |  |
| pond | freshwater | Shallow <br> Smaller than a lake <br> Surrounded by land |  |
| lake | freshwater | Deeper than a pond <br> Larger body of water <br> surrounded by land |  |
| sea | salt water | Smaller than ocean <br> Are usually where the ocean <br> and land meet |  |
| ocean |  |  | Large bodies of water <br> Deeper than the sea <br> Cover 70\% of the Earth |
| slacier water | freshwater |  | Water existing as ice on <br> Earth's surface <br> Considered to be land ice |

Land Features: ANSWER KEY

| Feature | Description | Picture or example |
| :---: | :---: | :---: |
| canyon | Deep valley steep sides can have a river running through it |  |
| cavern | Underground chamber Large cave |  |
| hill | An area higher up than the rest of the land, but not as high or steep as a mountain |  |
| island | Surrounded by water Can be in the middle of the ocean or even a lake |  |
| mountain | Much higher than the surrounding area Higher and steeper than a hill Large rocky hill with a peak |  |
| volcano | Opening in Earth's crust that allows magma and lava to flow through Can erupt |  |
